Column Connector Tabs (Set of 2)

For connecting column posts to furniture.

Fits both heights #70808

Immobilizer Caster Blocks (Set of 4)

Makes furniture with casters stationary.

Fits most storage units #70844

Quick Compliance

Create a safe sleep space for your infants and toddlers with Create-A-Space™ panels and storage units. Whether you're required to have cribs 2' apart or 3' apart, we can design a layout that works best for your room. Our clear panels and acrylic-back storage cabinets allow caregivers to always maintain sight of the children in the room—whether they're sleeping or playing.

We know that space is always at a premium, so we've created 2 predesigned packages that take up the smallest footprint possible, maximize your space, and are available at the lowest cost possible. Choose from either a 4-crib or 8-crib layout with either a 2' or a 3' separation between cribs.

We can also customize the gate system for larger rooms or for rooms with different requirements. Simply call us at 800-334-2014 and ask for your local representative. We're happy to help!

4-Crib Setup

4 Cribs 2 Feet Apart | Requires 6' 8" x 9' space

Gate System: #89642

4 Cribs 3 Feet Apart | Requires 10' x 8' space

Gate System: #89643

Cribs sold separately.

8-Crib Setup

8 Cribs 2 Feet Apart | Requires 15' x 8' 6" space

Gate System: #89644

8 Cribs 3 Feet Apart | Requires 17'6" x 9' 9" space

Gate System: #89645

Cribs sold separately.
