PROFESSIONAL DEVELOPMENT IMPLEMENTATION OPTIONS:

KAPLAN ONLINE COMMUNITY

The **free** Kaplan Online Community implementation and training opportunities (webinars) are designed to introduce and assist teachers on how to effectively implement the **Learn Every Day & Nemours BrightStart** super set curriculum. The webinar training offers registered users a series of three, one hour sessions. The initial presentations are recorded live and then archived for the life of the adoption. This allows for on-demand 24 -7 viewing from registered users. Participants must register to participate. Registration and participation are free, but does require internet connection and a valid email address for each individual viewer. After viewing individualized certificates are emailed to the registered viewers individual email address within five business days of viewing.

A schedule of initial live webinars and archived webinars can be found on the Kaplan website at <http://www.kaplanco.com/florida/>

To obtain certificate of viewing, participants are required to login to the online community, register their email address.

REGIONAL PRE CONFERENCE INTRODUCTORY IMPLEMENTATION SESSION

Regional pre-conference introductory implementation sessions will be presented annually at several regional conferences for the life of the adoption, *based on interest of participants and invitation of the regional conference*. The pre-conference session will allow users to combine attendance at professional development conferences with curriculum implementation training.

While the attendance to the Kaplan preconference session will be free of charge from Kaplan, the hosting conference organization may require a nominal registration fee. Participants are required to register for the preconference session following the requirements outlined by the hosting organization.

The pre-conference session is designed to introduce and assist teachers on how to effectively implement the curriculum on a daily basis and to increase children's school readiness skills.

A schedule of preconference sessions will be maintained on the Kaplan website at www.Kaplanco.com/resources/events and www.kaplanco.com/florida.

CUSTOMIZED ON-SITE, ONE TO TWO DAY, INITIAL IMPLEMENTATION AND FOLLOW-UP TRAINING for Learn Every Day and Nemours BrightStart! Super Set.

In an effort to help school districts, preschool programs, head starts, etc. meet needs specific to their program, customized on-site implementation training is available. Customized sessions will include a mini needs assessment and planning session over the phone. This allows specific areas of concern for administrators and staff to be addressed during the implementation process.

Our professional development department will be happy to customize a training proposal specific to your unique needs. Fee is based on the size of program, length of training, and additional customizations needed. Programs may contact the Kaplan professional development department at 1-800-334-204, ext. 3252 for a customized proposal.
