

Minnesota Academic Standards: Early Childhood Education – Grade EC

MN.I.		Social and Emotional Development
I.1.		Children show progress in EMOTIONAL DEVELOPMENT when they:
	Strategies Used	Daily activities are designed for small group interaction; working together to complete a task, acceptance of others, such as children with special needs is interwoven throughout. Also within each unit is a 'avoiding' meltdown tip which is designed to help the teacher be proactive. The Devereux Model of a strength-based approach was used to design activities that encourage positive social interactions.

MN.II. Approaches to Learning		
Strategies Used		<p>This curriculum was based on the brain based method of focus, develop, practice, reflect and every lesson was written with those elements incorporated. In addition, activities were designed to be a combination of small group and differentiated instruction. Within each unit are embedded opportunities for imagination in various creative art projects. In addition reflection and interpretation are core concepts on which this curriculum was based.</p>

MN.III.		Language and Literacy Development
Strategies Used		There is a read aloud and diverse literature introduced into each unit, children use various media to learn elements of early literacy, phonological awareness activities are presented in both large and small group instruction. Vocabulary is presented with each unit and increases with complexity as the units progress. Both fiction and non-fiction titles were used throughout the curriculum.

MN.IV.		
Creativity and the Arts		
Strategies used		In each unit activities are included that involve dramatic play by acting out and inventing stories, use of various mediums for art projects both individually and as a group, opportunities for creative expression through songs, music and finger-plays are in every unit. In addition units include activities around creative free expressive dance with scarves, ribbons and to various types of music and movement.

MN.V.			Cognitive Development
Strategies Used			Math, Science and Social Studies are infused throughout, strategies include opportunities for direct instruction, practice and problem solving. Concepts are presented in large and small group and opportunities to practice are offered in learning centers. Each day a reflection on the learning takes place which allows opportunities to further develop cognitive problem solving skills. Principles of brain based learning and executive functions are infused throughout.
